

# VOTING ON LONG AND SHORT HAULS

## Supposedly Irreconcilable Factions Suddenly Welded Late Yesterday Afternoon

### COMPROMISE AMENDMENT ADOPTED

#### By Senate Vote of 56 to 10 for Regulation of Relative Charges for Long and Short Hauls—Supreme Court May Yet Have to Arbitrate the Question—Brandagee Voted for the Amendment and Eulkeley Against It—Regular Republicans Upraised for Change of Front

Washington, May 13.—By a sudden welding late today of supposedly irreconcilable factions, the senate by a vote of 56 to 10 adopted a compromise amendment to the railroad bill for the regulation of relative charges for long and short hauls.

Why the Agreement Was Reached.

The agreement was reached chiefly for the reason that each faction apparently thought it was getting the better of a shrewdly driven bargain. There are not wanting tonight senators who suggest that the supreme court may have to arbitrate the question as to which faction's judgment is right.

Upraised for Changing Front.

Before adjournment Senator Bacon, leader of the forces in charge of the bill, voted for a provision different from that which he advocated during the long debate on this question. He was affecting to quote from one of the Rhode Island senator's speeches when Senator Bailey interrupted, remarking that Senator Bacon was mistaken and was quoting from his (Bailey's) remarks.

"I hope the senator from Texas will not interfere," said Mr. Aldrich laughingly. "The senator is trying to justify his action in voting with me."

"That is the time I usually have to justify my vote," retorted Mr. Bacon. While upraising regular republicans for what a private senator asserted was a change of front, Mr. Bacon was interrupted by Senator Eulkeley, whose ruddy face was wreathed in smiles as he asked: "Well, you're happy, aren't you?"

This rally plainly irritated the Georgia senator, for he retorted rather sharply that it took "a very little thing to make some people happy."

Significant Glances Passed.

"Maybe the senator will find that it is a big thing," said Senator Eulkeley, beaming across the chamber. Significant glances passed between senators, and persons on the floor and in the galleries. The amendment was a compromise amendment that had just been adopted meant something different than appeared upon its surface. Among those who voted for the amendment was Senator Brandagee of Connecticut, and one of those voting against it was Senator Eulkeley, also of Connecticut.

### PERMISSION TO RAISE MAINE TO BE ASKED OF THE CUBANS

#### Army Engineers Are Said to Doubt the Possibility of Accomplishing It

Washington, May 13.—The state department has begun negotiations with the government of Cuba to secure permission for raising the wrecked battleship Maine at Havana harbor and has been questioned as to the necessity of appealing to the Cuban government for permission to enter its territorial waters with a large force of American workmen and weapons.

Recognizing the public sentiment which demanded that the Maine be raised, the engineers are extremely doubtful of the ability to do anything of the kind, many of them believing that the hull has gone to pieces and the most that can be done will be to recover the bones of some of the victims.

It is quite certain that the appropriation of \$1,000,000 for the purpose, but the army engineers will at least make a beginning.

### CLEVELAND SOCIETY MAN SENTENCED TO PRISON

#### Harry L. Morris Was Charged with Attempted Blackmail

Cleveland, Ohio, May 13.—Harry L. Morris, a young society man, who was charged with attempted blackmail, was sentenced to a term of years in prison.

Mrs. Dan O. Granger, the prosecuting witness, testified that her telephone messages, claiming that her home would be burned and her two young children kidnapped if she failed to pay over \$10,000, were received by her on the morning of the incident. She was taken to the police station and a decoy package that had been placed in her home was found near her through the efforts of the police.

A stay of execution was granted Morris pending an appeal, and he was admitted to bail.

### TWO BOY BANDITS

#### Oklahoma Youth-Held Up Train Near Phenix, Arizona

Phoenix, Ariz., May 13.—It was two boys, still in their teens, who held up a passenger train a mile from here Wednesday, and who, after a chase across the desert were captured last night.

The boys gave their names as Ernest Woodson, 18 years old, and Oscar Woodson, 17, and say they were raised in Oklahoma City. They had been seen in Arizona but a short time.

### The Ballinger-Pinchot Investigation

#### Washington, May 13.—The responsibility for the "Climax" litigation of the Cunningham claims and the conduct of these cases before the general land office was assigned to Mr. H. H. Ballinger, chief of the field service, who was witness before the Ballinger-Pinchot investigation committee today.

Mr. Ballinger left the blame for the delay in reaching a conclusion in the Atkinson cases at the door of L. R. Glavin, who he has given full latitude for investigating them, he said. He said Mr. Ballinger never took any initial action in these cases and when he was listed them as commissioner of the land office he did so on his (Schwartz) recommendation on the basis of the report of Special Agent Lake.

### Guilty of Manslaughter the Verdict

#### Cincinnati, O., May 13.—"Guilty of manslaughter," was the verdict of a jury tonight in the case of Jesse Van Zandt, charged with having murdered his wife, who was found in the trunk of her home, bound and gagged and roasted over a lighted gas stove last February. During the trial Van Zandt's son, named years old, testified for the state. The child now lives with his mother's parents at Long Branch, N. J.

### New Thieving Record Set

#### Chicago, May 13.—It is believed that a new thieving record was set last night in the theft of a cornerstone from the Lutheran theological seminary, in course of construction. The thief was seen in the act of carrying away the stone, and was followed by a patrolman, who saw him enter a building and hide in a room.

### Blasphemy in Florida Saloon

#### Jacksonville, Fla., May 13.—Policeman Hiram, who was charged with blasphemy, was arrested here today and charged with blasphemy. He was charged with blasphemy for saying that the Lord was a nigger.

# Cabled Paragraphs

## Paris, May 13.—Former President Loubet, while walking across the Pont Neuf during the crush of the noon hour today, was knocked down by an automobile. He was not seriously injured, but slightly bruised.

## Toulon, May 13.—The American armored cruiser New York, Commander Joseph L. Jayne, arrived here today. Salutes were exchanged with the French warship in the harbor. The usual formal visits of officers made.

## Cairo, May 13.—The student Wardani, who on February 20 shot and fatally wounded Boutros Pacha, has been sentenced to death today. The assassin, who is a nationalist, said his motive was a desire to avenge various acts of lawlessness which the nationalists attributed personally to Boutros Pacha.

## Manila, May 13.—At the request of the Manila Tobacco association, unanimously expressed the collector of internal revenue has authorized the regulation of the exportation of cigars to the United States in the quality ratios agreed upon by the tobacco interests. According to the understanding, each shipment must contain high grade tobacco to a proportion of not less than 25 per cent. The low grades are limited to 15 per cent, and the medium to from 50 to 60 per cent of the whole.

## Professor Mawson of Australia, Who Was With Shackleton, Says It Will Be Utilized When Needed.

New York, May 13.—A distinguished visitor to this city, Douglas Mawson, professor of geology at the University of Sydney, Australia, who is passing through on his way home, said he was going to Antarctica and will sail from Australia from Vancouver in a few days. Before departing, he expects to meet his old chief, Sir Ernest Shackleton. Professor Mawson was a member of the Shackleton expedition, which located the south magnetic pole. He was with Sir Ernest when another expedition which is being planned and if Sir Ernest will not head it, the leadership will go to Professor Mawson. Professor Mawson said that one of the most important finds of the last expedition was that of an immense seam of coal, which, unfortunately, was about 300 miles from tidewater. "With our present facilities," said Professor Mawson, "it is impossible to mine, but I have no doubt that, by the time the present resources are exhausted, human ingenuity will have found a way to make this great bed of coal useful to humanity."

### IMMENSE MASS OF COAL FOUND NEAR SOUTH POLE

### OLD SWEETHEARTS WED.

#### Veteran Missed Winning Woman by Being at Several Wars.

Cincinnati, May 13.—William Leichte, 67 years old, veteran of the Civil war and of several Indian campaigns, and Mrs. Mary Mueller, 55, both of Cincinnati, were married yesterday.

Their love story goes back to the days when Mr. Leichte, then 18, married Leichte's brother, Alexander, while William was fighting in the Civil war. He missed a second chance because he was chasing a girl in 1877. But he finally heard the news and came back to court his old love.

### DEBATE FOR MUNICH PRIZES AT YALE

#### New Haven, Conn., May 13.—The annual prize debate of the Yale club of the Yale club, for the Munich prizes, was won tonight by H. B. Bishop, 1910, L. S., of Chicago. H. S. C. Bingham, 1910, L. S., of Abington, Mass., was second. Dutton, 1910, L. S., of Forestville, was third. The prizes are \$50, \$30 and \$20.

### THIRD ANNUAL SOCIAL

#### Jolly Five Had Good Sized Attendance in T. A. B. Hall.

The Jolly Five successfully conducted their third annual social on Friday evening in T. A. B. hall, where a good party enjoyed the music rendered by the Academic orchestra. The programme of 18 numbers from 9 to 12 o'clock. The Jolly Five includes the following: M. Schwartz, A. Curran, J. Schwartz and S. Siegal.

The feature of the evening was the prize waltz, in which David Farrell and Miss Fenton were winners from a dozen other couples. The three judges were Prof. J. J. Kelley, M. Schwartz and S. Siegal, and their decision was in accord with the popular verdict. The prizes were a silk umbrella and a gold stickpin. Among the out of town people present were Miss Solomon, Harry Solomon, Joseph Leonski, Harry Lifschitz, Harry Freeman, Joseph Transap and Meyer Freeman of New London. Miss Kaplan of Chesterfield and Miss L. Rubin of New York.

### Y. M. C. A. SUPPER

#### Served to Members of Basketball League Teams.

A supper served at 7 o'clock on Friday evening for the members of the Y. M. C. A. basketball league teams was an especially pleasant time for about twenty of the following: John, fought out, their games in the past season. All who have played in three or more games were included.

Tomato bisque, cold corned beef and rolls, strawberry shortcake and coffee were partaken of with a relish that was commensurate with the preparation and served the spread. The menu was prepared by Mrs. Curtis Hill, Mrs. E. A. De Prouse and Mrs. W. A. Morse, and served by Mrs. N. Eugene Smith and Miss Hull.

### Were Riding on Freight

#### On Friday morning, knowing that the police were looking for some young men, and that the company had been freighted, Station Agent E. J. Jones took Frank Sepanar, aged 16, to police station from Greenville, where he came upon him and John St. Germaine, aged 18, as they jumped off a freight. They were not the boys wanted and he was allowed to leave. Their home is in Waterbury and they came here to work for a merry-go-round man, but could not locate him and their money ran out.

### DR. HYDE MURDER JURY

#### Ballot Nearly Two Hours Without Reaching a Verdict.

Kansas City, May 13.—After the Hyde murder jury had deliberated one hour and forty minutes tonight without reaching a verdict, the jury members were sent to their hotel for the night. They will resume deliberations at nine o'clock tomorrow morning.

Boston Schoolboy Killed by Auto.

Boston, May 13.—While his little sister looked on terror stricken, 10-year-old Constantino Symioli was killed by being run over by an automobile. He was crossing Winchester street from a school, during recess today. The driver of the machine, Charles E. Cummings of Cambridge, president of an automobile company, surrendered to the police, but was given his freedom. He offered to Deputy Superintendent of Police Lawrence Cahn an appeal slip, which he remarked, was the cause of his ill luck, coming on "Friday, the 13th."

# Great Changes in Halley's Comet

## NOTED BY DR. BROOKS OF SMITH OBSERVATORY.

## THE COMA IS NOW DISTORTED

## This Gives Evidence of Violent Tidal Action—Tail Divided Into Two Distinct Branches—Cyanogen Absent.

Quebec, N. Y., May 13.—Dr. William R. Brooks of Smith observatory reports remarkable changes in Halley's comet during the last three days. The nucleus, brighter part of the comet's head, has grown larger and brighter, while the coma, surrounding the nucleus, has greatly changed in form and is now distorted and much smaller than it was.

Halley's comet, which was last seen in 1835, is now being observed by Dr. Brooks of Smith observatory. He reports that the comet's head has grown larger and brighter, while the coma, surrounding the nucleus, has greatly changed in form and is now distorted and much smaller than it was.
